

Cellulose Thinner

Technical Data Sheet

Product description

Penguin Cellulose Thinner is the mix of different organic solvents which is intended for cellulose products.

Sphere of usage

It can be used as a thinner for cellulose paints, varnishes and other cellulose products. Moreover, it can be used to clean surfaces from dirt, dust and oil substances and to clean dirty tools.

Physical specifications

Color	Transparent
Density (gr/cm³)	0.85±1
Viscosity	0.70-1.60
Smell	Organic solvent odor

Storage conditions

Solvent must be stored without opening in dry, cool, good ventilated places where there is not any risk for high temperature and sparks. It is recommended to mix the paint before usage.

Packing types

Paint is produced in 0.75 l, 3 l and 12 l steel containers.

Health and safety rules

Follow the rules on the containers. Store in depots where there is not any risk for high temperature and sparks. Use in good-ventilated places. If there is a contact with paint, first clean it with proper solvent and then wash skin with water and soap. If eyes contact with paint, it must be cleaned with water and doctor intervention is important.
