

Synthetic Thinner

Technical Data Sheet

Product description

Penguin Exclusive Thinner is an organic solvent obtained from the vaporization of petroleum fractions at temperatures between 155-200°C.

Sphere of usage

Penguin Exclusive Thinner is used as a diluent for all types of synthetic group paints, varnishes, and primers. It can also be used to remove dirt, dust, and oil traces from surfaces to be painted, as well as to wash contaminated tools during the painting process..

Physical specifications

Color	Transparent
Density (gr/cm³)	0.78±1
Viscosity	0.74-1.65
Smell	Less scented (Special for oil products)
Ignition temperature	33°C (With closed puta test)

Storage conditions

The solvent should be stored tightly closed, airtight, in a dry, cool, well-ventilated area, and away from high temperatures and potential spark sources. The shelf life is 3 years.

Packing types

Solvent is produced in 0.5 l and 1 l bottle container, 0.5 l, 1 l, 3 l, 4 l and 12 l plastic containers.

Health and safety rules

Follow the rules on the containers. Store in depots where there is not any risk for high temperature and sparks. Use in good-ventilated places. If there is a contact with paint, first clean it with proper solvent and then wash skin with water and soap. If eyes contact with paint, it must be cleaned water and doctor intervention is important.
